## Advent Calendar 2011 \* December 03 \* Amigurumi „Devils Cap“

*This little Devils Cap turns our Hello Lucy into a Hello Devil. Actually this is a „Krampus“, the devilish companion of our „St. Nicholas“, which we celebrate on December 06. The day before is our „Krampus“-Day. Work the body and legs in red (eventually 3 rounds white for the legs), the arms 3 rounds white and the rest red. The head is worked without ears in this case. The tiny horns maybe worked in red or black...*

**Material:** Those fingers are not made for Amigurumis >;o), so I prefer to work them with bulkier yarn, e.g. Omega Plus by LANG Yarns, a wonderful microfiber yarn. For a tight fabric, avoiding the filling to shine through, I work with hook 3,5 mm. The resulting Amigurumi has a height of appr. 15 cm.

**According to Amigurumi technique, we crochet in spirals without closing slip stitch and without turning chains. You may place a small piece of yarn to mark the rounds starting point, but in this case (few stitches and rounds) you may as well just count the stitches.**

### Cap

- Runde 1** Magic Ring with 6 single crochets, pull the starting thread tightly to close the ring
- Runde 2** Double every stitch (2 single crochets into the single crochet of the previous round => 12 Stitches)
- Runde 3** Double every 2nd stitch => 18 Stitches
- Runde 4** Double every 3rd stitch => 24 Stitches
- Runde 5** Double every 4th stitch => 30 Stitches
- Runde 6 + 7 + 8 + 9 + 10** 1 single crochet into every stitch

After the last stich 4 more single crochets, turn work, skip 1st stitch, 3 single crochets, turn work, skip 1st stitch, 2 single crochets, turn work, skip 1st stitch, 1 single crochet, chain 1
