Crochet Pattern * Baby-Toy „Amish Puzzle“

Amish is a religious group, living mainly in USA. Amish women are famous for their traditional Patchwork crafts. This baby toy is sewn originally patchwork style.

***Dedri Uys** created a crochet pattern for this Amish puzzle. Our lamb Crissy helped me with this tutorial - Multi-Culture Teamwork so-to-say >;o) Thank you!*

Material: Any leftover yarn, at least 3 colors. For a very big ball (appr. 44 cm circumference) I used Omega Plus by LANG Yarns (Mikrofiber, 75 m per 50 g).

Hook size: Use 1 mm smaller than recommended for your yarn. I used 4 mm for Omega Plus.

Connect & Finish Color 3

Fold 4 cones in the middle, so that the seam points towards right and mark the middle stitch on the opposite of the seam.

Now crochet together half of the border of one leaf with single crochets with half of the opening of one cone. You have to balance a few stitches eventually. The Ende of one side of the leaf should match the marker of the cone. Take the next cone and proceed like before.

After the 4th cone you close the band with a slip stitch into the first single crochet to form a ring. Now proceed crocheting together the other halves of the leaves and the cones. Whenever you have closed half of the remaining border of one cone, you stuff it. Continue closing the border. Proceed with the next cone.

Work the 2nd and the 3rd ring the same way. Sew in ending threads properly.

Now put one ring crosswise over the other. Align the tip of the cones so that they point towards the center of the ball. Put the 3rd ring over the ball - again crosswise and align the tip of the cones towards the center too.
